Optical Coupler Body Scan

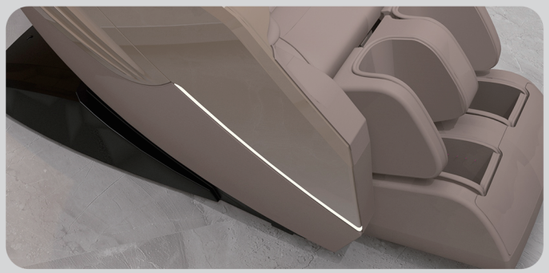

Smart body scan system detects the shoulder position,body shape and sole position in 8 seconds to provide custom-tailored masseuse like relaxation in the comfort of your home.

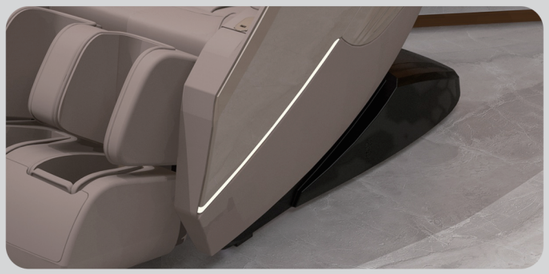

LED light

The intelligent breathing atmosphere lighting system uses soft light technology to create an immersive relaxation experience, creating a dreamy light and shadow like the Milky Way star mist. The light strip adopts a hidden light guide design, which, combined with music rhythm, can form a soothing visual breathing rhythm, helping users quickly enter a deep relaxation state, allowing their body and mind to receive dual healing in the flow of light and shadow

Two Zero Gravity Settings

Lead You to a Deeper State of relaxation

124.3cm Super Long Track

Covers neck,shoulders, back,waist and legs, helps alleviate muscle pain and untie unruly knots.

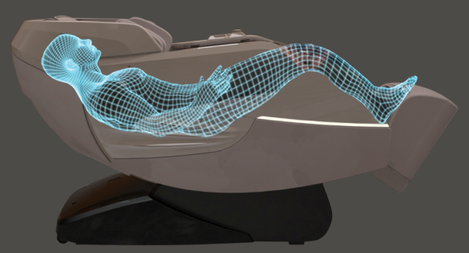

Zero Gravity position 1

The lower limbs are lifted slowly,leveling with the upper body, your body and mind enter into deep relaxation.

Zero Gravity position 2

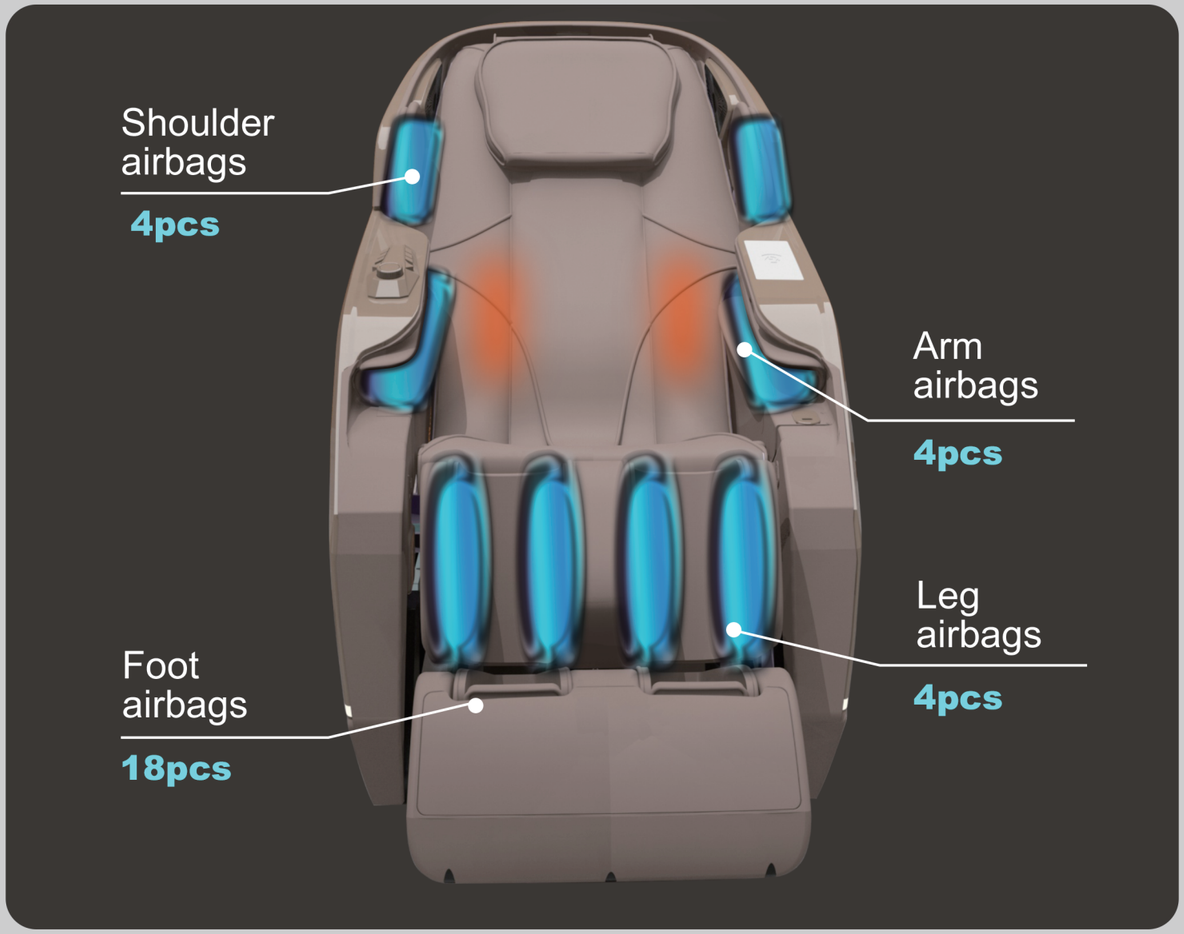

The lower limbs are slightly higher than the upper body,in the position that the blood flow speeds up back into the heart, your body and mind enter into a deeper state of relaxation.

Developed by NASA scientists, the Zero Gravity technology has incorporated into our massage chair design, at such a weightless position that the height of the legs slightly higher than the upper body, the weight of body can evenly distributed throughout, reducing the pressure of the spine and joints both physically and mentally.

Full Body Enveloping Air Pressure Massage Soothing Warm Heating for Waist & Legs

AM-444 N features five intensity settings so you can easily adjust according to your likings. Through inflating and deflating,airbags perform mimic human palm pressing massage on the acupoints to increase the supply of fresh blood to muscles.

Warmth is also a perfect compliment to massages and a great toner for muscles,lay back in the massage chair and enjoy the warm care.

Fast heating up & superior performance

Leg heating
